

Bank Draft

Tired of writing checks and remembering when your monthly bills are due? Make life a little simpler and pay your electric bill without writing a check.

Bank Draft benefits:

- Reduces the cost of checks and stamps
- Reduces the time you spend writing checks
- Eliminates potential lost or misdirected payments
- Bills are taken care of when you're away from home or on vacation

How Bank Draft Works:

With Bank Draft you receive a monthly bill that notifies you of the amount due. The funds to cover your bill will automatically be transferred from your account to ours on or a few days within your due date. Please be advised that weekends and holidays can affect the timing of the withdrawal.

How To Sign Up For Auto Pay Bank Drafting:
