

Night Lighting

Leased Night Lighting

Chariton Valley Electric Cooperative offers to all members the option of leased night lighting. We will install, repair or replace the lights, and provide the energy to operate the light for the low monthly charges plus tax and requirements listed below.

- The light must be located on a Chariton Valley Electric pole.
- If locating the light away from our existing facilities, the costs of any additional wiring, poles and labor must be paid by the member.
- Chariton Valley Electric offers a number of different size night lights. Please refer to the charts below:

Unmetered Night Lights
