## What is RECare?

Chariton Valley Electric Cooperative established RECare, a program that facilitates members helping other members. RECare provides funds to local community action agencies that then distribute the assistance to low-income CVEC members. Your support helps pay winter heating bills and assists in the weatherization of homes.

As a member of CVEC, you can make a one-time contribution or a monthly pledge to help your neighbors in need. If you choose to make a monthly pledge, it will be automatically added to your electric bill.

If you are interested in donating, please complete and return this form to our office. Any amount you give is greatly appreciated! Please note, your contributions are also tax deductible.

Please complete this form if you wish to participate in the RECare program. Simply detach the completed form and send directly to CVEC or include it with your next payment.
